

**UNIVERSAL AND UNCONDITIONAL AMNESTY!
END U.S. AID TO SAIGON DICTATOR THIEU
AND CAMBODIAN DICTATOR LON NOL!**

WE MUST FORCE AN END TO U.S. INTERVENTION IN INDOCHINA

End all aid to war lords Thieu and Lon Nol. This aid enables them to carry on the war against the long-suffering Vietnamese and Cambodian people. Demand the implementation of the 1973 Paris agreements and an end to U.S. funds that help torture 200,000 Saigon political prisoners.

WE MUST FORCE AN END TO U.S. OPPRESSION OF WAR RESISTERS:

Restore full rights to the over 750,000 bad discharge veterans, GI deserters and draft resisters in jail, in exile or underground in the U.S.

**RESISTERS AND THEIR PARENTS SAY "NO"
TO PRES. FORD'S DECEPTIVE AND PUNITIVE AMNESTY PROPOSALS.**

N.Y. TIMES, AUG. 25: "AN URGENT APPEAL FROM EXILED WAR RESISTERS:

"If we accepted it, we would be separating ourselves from the majority who need amnesty; the half million veterans with less than honorable discharges."

These half million veterans who resisted racism or military oppression, or refused orders to fight in the genocidal war against Indochina are in the main from the working class. Half of these bad discharge vets are Black, Puerto Rican, Asian, Native American or Chicano. Moreover, because of their resistance, they're brazenly refused GI benefits, V.A. hospitalization, and vocational and educational opportunities. They're also branded for life and are denied decent jobs.

N.Y. TIMES, AUG. 26: "WAR EVADERS' PARENTS FAVOR TOTAL AMNESTY."

"The parents believe that 'amnesty should be unconditional and that Ford's 'earned re-entry' is unfair and impractical."

Pres. Ford's proposal would punish as criminals those who justly refused to murder innocent people in Indochina for the sake of profits for U.S. corporate interests. Instead of using the people's tax dollars for necessary social services at home, the U.S. is still using them to prop up dictators Thieu and Lon Nol, in violation of the Paris Agreements.
